DISSOLUTION

The Co. partnership heretofore existing between L. W. Mauck and Daniel Mauck, under the firm name of L. W. Mauck & Co. is this day dissolved, by mutual consent. Either partner is authorized to settle the business of the firm.

The business will be continued at the old stand by L. W. Mauck and D. B. Mauck under the firm name of L. W. & D. B. Mauck, who are also authorized to settle the business of the late firm.

The steam engine at the cooper shop will be put in motion in about two weeks. The proprietor, L. W. Mauck, states that he can then manufacture one thousand barrels a week.

The citizens of Arlington buy most of their goods and groceries at the popular firm of L. M. & D. B. Mauck. The boys have the vim for business. Messrs. Resener & Sons supply us with fine W. W. & A. flour. Arlington, also in return supplies them with coal.

For Organization

The Republican Central Committee of Gallia County, recently appointed, are requested to meet at the Court House, in Gallipolis, on Saturday, June 24th, at 1 o'clock p.m. for the purpose of organization. It is important that every member should be present. The following gentlemen compose the committee, viz: L. W. Mauck, Cheshire Twp.

J. W. Mauck has been elected a member of the faculty of Hillsdale college.

We have a whisky shop in town again. We have been getting along several months without one, and strange as it may seem, no one has died of thirst, even during the "heated term."

August 24, 1876

J. W. & S. W. Mauck and D. F. Ashworth left for the "big show" this morning, (Monday). The former will go from Philadelphia to Hillsdale, Mich., and enter upon his work as a member of the faculty of Hillsdale College.

Cheshireites are lively as ever, especially the young folks. They have organized a literary club and the society meets alternate Thursday evenings at some private house. Last Thursday they spent a very pleasant evening at the residence of Mr. Resener. Owing to the absence of several on the programme, the exercises were more brief than usual. The opening exercises was Select Reading, by Mr. C. A. Carl, Jr., entitled, "Trifles;" next a Vocal Duet by Misses Aggie Van Gilder and Laura Mauck, after which Mr. Keller, (one of your Gallipolisans) read a biography of John Dryden, which was very interesting, and the exercises closed with a solo by Miss Bertie Mauck. Then candy and popcorn were passed around, of which all partook heartily, and at 11 p.m. adjourned.

Mr. S. W. Mauck has commenced training the Union S. S. scholars for another 10ct. concert. "Save your dimes".

MCR 3-7-1888

The Matron's Association of Cheshire held their Monthly Assembly at the residence of Esq. Symmes on the 14th of February and since their stated meeting took place on the anniversary of the Saint, both instances were honored in ample form. Those present were: Mrs. Guthrie, Mrs. Ashbrooke, Mrs. H. Bing, Mrs. Brown, Mrs. J. J. Bing, Mrs. Dutton, Mrs. Carl, Mrs. Good, Mrs. Resener, Mrs. John Evans, Mrs. Daniel Mauck, Mrs. Boice, Mrs. Geo. Bing, Mrs. Capt. Day, Mrs. McCoy Ralston, and Mrs. Symmes as hostess, was there "herself".

The assembly was one of those social gatherings common to Cheshire Bottom, where hearty good will reigns supreme, where the participants have been known to each other from childhood, and where the grave and the gay are councillors. There was no show of diamonds, pearls, garnets, emeralds, flounces, furbelows, gymeracks, or sachets, or any such obtrusive nonsense. But the jewels were there; cloth'd in garments suited to the enveloping the loveable souls of true God given womanhood.

The menu-piknik style-was in English, according to Lindley Murray, and the repast then and there presented by the Good Mothers and enjoyed by all partakers, would have taken the conceit out of Hellogabaluz himself. Lucullus gave his famous order to his chief of Cuisine, "We sup in the Appolo." That chief with his peacock tongues, cherries, and all alimentary concatenations, accordingly would have floored himself when the fifth of an "other kind" of cake or a slice from the other room: came before him. -Good-bye, chief. You must stand the affliction, dear reader, of the mascullues. The husbands were there - they couldn't have been chained away-in numerical force and gastronomic zeal, acquitting themselves, creditably at dinner and

joining in the afternoon musical services—as soon as they could get their breath.

The hostess Mrs. Symmes, was truly “at home” being the very ground where she was born, and her husband adorned his beautiful residence with the deportment of an old style gentleman.

Proceeds \$21.20 for “Among the Breakers”

We went down Saturday evening last and attended what we pronounced the grandest entertainment ever played in the Academy Hall, in the lively little village of Cheshire. Every one did their part to perfection. Mr. Frank Bing, Prof. Ross Mauck, and Miss Nellie Gee, especially took hold at every point of the play like veterans. And Harrison Gee, as colored servant and the clown, swept the laurels from “Among the Breakers” and covered himself with glory and applause. We only wish you and the Republican staff had been present. So great was the fun, it seemed to us that folks opened their mouths to laugh as soon as they came in the room, and did not shut them again until the play was over. Why, they would make a preacher laugh.

Musical Entertainment at Cheshire

The entertainment given at the Baptist Church at Cheshire, Ohio on Saturday evening, was the musical event of the season.

Prof. Wahlberg, the guitarist, was repeatedly encored. Mrs. Alberta Armel was also ably assisted by our best home talent. No part of the program was more thoroughly enjoyed then the numbers contributed by Messrs. M. W. Ralston and C. L. Vangilder, with Mrs. Armel as accompanist. It seems as a dream of the past to again hear these excellent violinists.

The vocal duet, “the Bird Let Loose” by Misses Virgie Swanson and Stella Weed, convinced the audience of the power and culture of their voices, and they left the stage amid storms of applause.

“Last Night”, the contralto solo, was sweetly sung by Miss Nettie Fargo. The vocal duet, “Home to Our Mountain” from H. Travatore, was beautifully rendered by Mrs. Harmel and Mr. J. W. Good. The Male Quartette, “Speed Away” was well received. Mrs. A. S. Dutton was one of the accompanist and performed well her part.

Miss Virgie Swanson accompanied Miss Stella Weed, who also sang a very pretty ballad. Mr. Arthur Mauck's playing spoke well for Prof. Wahlberg as a teacher. Miss Maude Roush played her waltz, “Old German Air” very sweetly. Miss Eva Swisher rendered her waltz well for the few lessons that she has had, and altogether the affair was, as many expressed it, a grand success.

Mr. A. C. Vangilder, of Pt. Pleasant, known as a musical critic, after making an announcement at the close of the entertainment, spoke of the reputation Cheshire had always had for giving good concerts, and said this one showed “she was still holding on, O and able to sustain it.

Mrs. L. W. Swanson entertained the Ladies Home Circle last Wednesday. (Cheshire)

The ice cream festival held here Saturday evening was quite a success. There was a quiet crowd, good cream, and cake, and everything passed off nicely. Proceeds amounted to \$38.50.

NY widower seeks wife

A WIDOWER AT CASTLE GARDEN

William Mock, of Mount Vernon, West Chester County, visited Castle Garden yesterday, said he was a widower, 36 years old, and that he wanted a wife.

Superintendent Jackson referred Mock to Detective Groden, who took him into the Labor Bureau. A nice looking Irish girl who was there was informed that she could marry Mock, but she indignantly refused the offer. There was only one other woman in the Labor Bureau, and she was willing to accept the widower, but he did not appear satisfied with her. He is to call again next Friday, Detective Groden assuring him that in the meantime he would try to find a suitable helpmate for him.

Thomas Mauk, of Mechanicsburg, Penn., dreamed two years ago that he found a pot of money concealed in a certain tumble-down building on one of the back streets. So strong an impression did this make upon him that he made an effort to buy the property.

A short time ago he succeeded in purchasing it for \$300. Thursday while engaged in making some repairs he found in an old flue a pot filled with money. He declines to state the amount, but says it is a little less than \$5,000.

A MURDER AND A LYNCHING

BIG SPRINGS TEXAS, April 28

A ranchman named John Harrison, who owns a large ranch

about thirty miles north of here, came into town on Monday evening bringing the remains of William Mock, one of his herders, who had been murdered in cold blood by his partner, a Mexican, named Juan Saldes. The two herders had some words on Sunday. The Mexican did not talk back much, and apparently soon forgot their little difference. The men retired to their tents in good spirits. Mock was shot while asleep. The ball entered just below the breast bone, and passed through the body. The Mexican fled. The shot fired awakened some herders on the other side of the ranch, but no investigation was made until the morning. A posse was made up on Monday morning and started in pursuit.

That night word was received that Saldes was overtaken and left hanging to a tree. Mock formerly lived in Youngstown and Cleveland, Ohio, and was a quiet and peaceable man. Up to yesterday Saldes and Mock had been the best of friends.

THE SUNDAY SCHOOL ASSOCIATION

Prof. Barringer Attended the Meeting in Charlotte and Gives an Outline of It's Proceedings.

Correspondence of The Landmark

When I arrived at the meeting of the North Carolina Sunday School Association in the First Presbyterian church in Charlotte, last Wednesday night, quite a large and very attentive audience was listening to a most excellent address by Rev. Jas. Atkins, D. D., of Nashville, Tenn., on the subject, "The Bible in the Hands of the Living Teacher." I learned Guilford College, told how Mr. Henry Ripple, a native German, and Mr. Gotlieb Schober, a Pennsylvania German, both laymen, united their efforts and built Hopewell church, four miles south of Salem, and in 1807 organized in it the first Sunday school known in North Carolina. He then handed President Lacy a gavel which had been made from the wood of that church and presented to the North Carolina Sunday School Association. Its first use was to signal the convention to a vote of thanks to the donor, Mr. P. W. Mock, of Salem.

I think this may be Peter Wesley Mock son of Adam Mock and first wife but he died 1/8/1899 and the convention was in 1900 ?? [I guess one of the children could have given it in their father's name]. Adam married 2nd Nancy Ripple who was the granddaughter of Henry Ripple the step-son of Johannes Mack/Mock of Reading, PA.

FINE CORN.

Mr. Chas. H. MAUK, proprietor of the People's Exchange Saloon, presented us on last Thursday a fine ear of corn, that measured ten inches in length and seven inches in circumference, well filled with nice plump grains. He told us that it was raised on his brother's ranch, at the Arroyo Grande, this county. This is as fine an ear of corn as we have ever seen in the great corn county of the State-Old Sonoma.

Daily Tribune, Johnstown, Thursday Dec 17 1896

Front Page

OBITUARY

HUGH MACK

The subject of this sketch died at the home of his son, Harry, in Centreville, Indiana County, at 3:25 o'clock yesterday afternoon. He was about seventy years of age.

Mr. Mack was an old boatman, having worked on a packet on the State Canal. His run was between Johnstown and Pittsburg. After he left the Canal he engaged in farming.

His wife, whose maiden name was Mary A. McCrorey, died in Indiana County about four years ago. He is survived by three sons and one daughter, viz: Robert H., who resides near Ninevea; Joseph M. and Harry, of near New Florence, and Emma, wife of Prof. J. H. Stewart of Indiana.

The funeral will take place at 10:30 o'clock to-morrow morning, interment to be made in the Bethel Cemetery. Mr. Mack was a life-long member of the United Presbyterian Church at New Florence.

This Hugh Mack is from the family of Macks from Ireland who settled in Armaugh, Indiana Co, PA. I believe they named Armaugh for the area in Ireland from which they came. They were all Protestants. There are a lot of Mack families still in that area.

Armaugh and New Florence were near the route of the Pennsylvania Canal on which the Hugh Mack posted evidently worked. That canal was built from Eastern Pennsylvania to Hollidaysburg, then over the mountains on the Portage RR to Johnstown, and then the canal to Pittsburgh. Most of the workers on the two divisions Canal and Portage RR were Irish emigrants, although I am descended from some German Stonemasons who cut the stone in which the ties on the Portage RR were attached.

The Mack family I am interested in goes back [as far as I can trace] to John Mack who married Mary Reilly and lived in Bennington, Allegheny Twp, Blair County. I cannot trace him back further. He was a Catholic.

It is possible he was not Irish, but German, the name being originallly spelled Mauk/ Mauck. There were some farmers of this name in Allegheny Twp.

Many of John Mack's descendants lived in the Gallitzin area. There is also a Mack family from Somerset County, and a Joseph Mack from that family lived in Ebensburg for some time, and had about 10 children there. I am not sure if he was a Catholic, but all the children were baptized at Holy Name Catholic Church. It might have

been his wife who was Catholic. Some of these children moved to Altoona.

From Doug Mauck

We should remember that thousands of Germans were sent to Ireland in the early 1700's by England. The Germans were driven out of Germany by a mini ice age and over one million of them fled to London where they were maintained until England began sending them to Canada, the American Colonies, and Ireland. I found a MAUCK family that immigrated to Kansas in the mid 1800's from Ireland. After 150 years and six generations in Ireland, I'm sure they considered themselves thoroughly Irish. They would have intermarried several times with the Irish and some may have changed religions.

I was interested that in China, our surname (MAUCK) was changed to Chinese characters for Chinese documents. The two characters have the sounds MOA and KER. When they are said together, they approximate the sound of MOCK, at least close enough for the Chinese. The character combination has no meaning in Chinese.....and that is probably a good thing.

One of those family stories, apropos of nothing in particular:

My parents lived on an Army post in the 1930s. Next door to them was the frail, elderly Japanese widow of a long-deceased Army officer. My mother tried to be helpful to the woman, who lived alone. When she needed my mother's help with something, she would call out from her front porch "Miss Mockie, Miss Mockie!" (our last name was Mauk). One day, my mother heard the familiar call, looked out at the porch next door but saw nothing. She continued to hear the call and finally went next door - only to find that the lady's parrot was "calling" her from its cage on the porch.

Dear Ancestor,

Your tombstone stands among the rest, neglected and alone. The name, the date, are chiseled out in weather-beaten stone.

It reaches out for all to see, it is too late to mourn, You did not know I would exist, you died and I was born.

Yet each of us are part of you, in flesh, in blood, in bone, And in my breast there beats a pulse entirely not my own.

Dear ancestor, the space you left those many years ago Is filled today by all of us who would have loved you so.

I wonder if you laughed and loved, I wonder if you knew

That someday I would find this place and come to visit you.

Mack, Colorado

Submitted by Janice Tompkins

While we were visiting in Fruita, Colorado, I managed to find a brief history of nearby Mack which gave the name of the fellow it was named after. So Mack is a suburb of Fruita, which is a suburb of Grand Junction in Mesa County, Colorado, all of them strung out along I-70 near the Utah line.

This is from the local information part of the Mesa County phone book:

MACK. In far western Mesa County is the village of Mack. It was a company town, built in 1904; the Barber Asphalt Paving Company of Philadelphia acquired a Gilsonite seam in the rugged Uintah mountain country northwest of Mack.

Gilsonite, or unitahite, is a solid hard shiny form of petroleum...

In 1904 Barber built the narrow gauge Uintah Railroad to bring Gilsonite to the terminus at Mack, where it was reloaded on the Denver and Rio Grande West Railroad.

John Mack was the president of Barber and the little town borrowed his name...

So there it is. The little town was named after a John Mack who was president of Barber Asphalt Paving of Philadelphia, PA. Is that enough information to identify this fellow?

Mack's heyday was from 1904 to the mid-1930's, when the Depression more or less killed it off. Today there is a general store/gas station, an I-70 exit, and a few houses. Maybe a bar—seems to me that occasional semi-sordid activities at the bar used to make our local paper when we lived at Fruita. Dancing girls maybe?

As to the Gilsonite plant (which looked like a small oil refinery), it was active during the 50s, when my husband was growing up at Fruita, until the 80's, when it was converted to an ordinary refinery, then was slowly dismantled and then closed at the behest of our local greenies, who disliked the refinery smell that occasionally wafted across our end of the valley; of course, the price of oil was dropping dramatically too. Gilsonite in the 50s was used to make phonograph records black and then had some uses in manufacturing batteries (should have taken better shorthand notes); it was sort of a powdery precursor of oil shale. When we lived on the Western Slope, Gilsonite was no longer transported on a railroad but through a pipeline.

Exploring University Archives Possibilities

By Marlynn O'Keefe

I have found that leaving one's genealogical papers to a university archives is a good solution. In my case, I have sent information that I collected from more than 33 years of research of relatives from Germany who eventually wound up in Lake County, Indiana. Indiana University at Calumet in Gary, Indiana was delighted to receive the information and will sort it and make it available to other researchers.

Heinrich Arnold Macke

Submitted by Paul H. Mock

I have been following the Mock-Gen-L list for some time and have made contact with Beverly Zanon who steered me to the reference cited below. I was able to find a copy of this book by Henry J. Young at Dickinson College in Carlisle, PA. The archive desk was kind enough to copy the information I needed on Henry A. Mock, my g-g-grandfather. Thanks Beverly! I have been trying to locate this information for years.

Heinrich Arnold Macke was born in Steinfeld in the Duchy of Oldenburg in either 1792 or 1793. He arrived with his wife Maria Elizabeth (Meyer) Mock at the port of Baltimore on June 3, 1833 from Bremen, Germany (the ship's name is yet to be discovered). Other spellings of his name included Hinrich A. Macke, and due to the pronunciation the surname came to be spelled, "Mock", which remains with us to this day.

Henry declared his intent to become a U.S. citizen on Aug 13, 1838, becoming a naturalized citizen of the U.S. on Jan 10, 1843 in the Court of Common Appeals, Cumberland County, PA. His sponsors were Elias Grabill and Robert Wilson. Henry and his family resided in Mechanicsburg, PA.

From our family records we know that in 1844, Henry, Maria, and their young son, John (b.1838) headed west for MO, settling in Platte City, near Kansas City and farming there until 1852. Apparently dissatisfied with life in the Midwest, the family proceeded still further west, joining one of many wagon trains on the Oregon Trail. Henry was now 59 years old and John, only 13 years old and possessing the bravado and maturity of a hardy pioneer, was instrumental in the success of that arduous cross-country trek.

The family arrived in Portland in Oct. 1852. Through many adventures, along with many setbacks and successes, the family carved out a good life for themselves and homesteaded the north Portland peninsula, in an area now known as Mock's Crest. John Mock, the young 13-year old pioneer, donated land from his homestead for what is now the University of Portland and eventually subdivided, University Place 5 for many of the homes that exist there now. His Victorian mansion, completed in 1898, is still standing on Willamette Blvd overlooking Mocks Crest.

For more of John Mock's story, go to this link for the Historic Columbia Cemetery in Portland, OR; http://www.fohcc.org/bios/john_mock.html

If any of you have correlative "Macke" ancestry stemming from Steinfeld, I would surely like to hear from you.

Mock Family of Blair County, PA

Submitted by Diana L. Mock

From Morrisons Cove Herald, Martinsburg, Blair Co, PA, Articles and Extracts 1892-1896, Volume II. by James Boor and Jan Oberle.

John H. Mock

An Aged Resident of North Woodbury Township Passess Away.

John H. Mock, venerable in years, rich in Godliness, died suddenly at his home a short distance west of Martinsburg, on Tuesday evening from an attack of neuralgia of the heart. By his death has passed away the oldest citizen of North Woodbury township, and one who was greatly respected in the community. Father Mock is gone; but it is a comfort to know that a Consecrated life is rewarded in the fulfillment of the divine promise. Active in life, patient in suffering, faithful unto death, he has passed beyond the vanities of this life to that brighter world. His years were four score and eight more than man's allotted time, reaching a venerable age. The years of his life were helpful to others, and not until his life's work was rounded out to a noble completion, did he lay down it's cares and trials for a well earned rest, a rest that was the sweeter because of toil and sacrifice made for others. Moderate his life, triumphant his death, tender his memory.

John H. Mock was born near Greencastle, PA., on August 16th 1807, and was therefore aged 88 years, 11 months, and 13 days. He was the eldest son of John and Anna Mock. When about ten years of age he came with his parents to Morrisons Cove, who settled on the farm now occupied by John L. Wineland, southwest of town, where with his father he followed the honorable pursuit of a farmer. At the age of 25 years, during the year 1832 he was united in marriage to Miss Christina Baker, and together over a life's voyage of sixty-four years, they shared each other's joys and sorrows. To this union were born eight children, of whom three with his wife, survive him. They are D.B. and A.B. Mock and Mrs. Mary Snoeberger.

More than a score of years ago Mr. Mock removed to his cozy home a short distance west of town, where during the lengthening of life's shadows, he spent his reclining years peacefully.

Although advanced in years the infirmities of old age seemed to lay but light on him. His illness was very brief, being a day in length. He complained somewhat on Tuesday morning, but by noon time he was feeling some relief. Early in the afternoon he grew worse, and continued so until the evening and before his children could be summoned home, he expired.

Mr. Mock being one of the early settlers of this section, remembered quite well when from the western frontiers the Indians came on their last visits to the Cove. He was also one of the men of this community who voted for General William Harrison in 1840. He was a descendent of Alexander Mack, one of the founders and first minister of the German Baptist Brethren (Tunker) Church, who immigrated to America from Swartznau, Germany in the year 1719, settling in Pennsylvania. The deceased was a life-long member of the church established by his illustrious ancestor.

Funeral services were held first at the late home of the deceased this Thursday morning at 9:30 o'clock, then at the German Baptist church in town. Internment om Fairview Cemetery. Ed. Note: Are John H. Mock and John L. Mack the same person? See article below

Twentieth Century History of Altoona and Blair County, Pennsylvania, and Representative Citizens, Chicago, IL: Richmond-Arnold, 1911, pp. 566-567. Sell, Jesse C.,

John G. Mock, a successful agriculturist and representative citizen of Taylor Township, Blair County, Pa., was born on the farm on which he lives, September 15, 1868, a son of David B. and Susan (Gochnour) Mock.

David B. Mock, who is one of the highly respected residents of Taylor Township, being now in his seventy-fifth year, was born in North Woodbury Township, Blair County, a son of John L. Mock, who was an early settler there. When thirteen years of age, David B. Mock accompanied his parents when they moved to Taylor Township, and ever since he has resided on the same farm.

He married Susan Gochnour, who was born in Bedford County, and still survives.

Of their children, two are living: Annie K., who is the wife of Jacob S. Wareham, of Taylor Township, and John G., of this record. The two children deceased were: David and Catherine. David B. Mock and wife are members of the Church of the Brethren. He casts his vote with the Republican party.

John G. Mock was reared on the home farm in Taylor Township and attended the public schools and one term of the Normal School at Millersville, Pa. He has devoted the larger part of his business life to farming, having more than 100 acres of valuable land which he has placed under a high state of cultivation. He is numbered with the substantial and reliable men of this section. His vote is cast with the Republican party, but his interest has never led him to seek office.

In early days the family name was spelled with an a instead of an o, then reading Mack, in place of Mock. John G. Mock is in the eighth generation in descent from Rev. Alexander Mack, who was the founder of what is known as the Church of the Brethren, of which Mr. Mock is a member, deacon and trustee, at Martinsburg. This pious ancestor organized the first church of this faith at Swartzenau, Germany, and later carried the good tidings to Germantown, Pa., where he, with others, founded the first Church of the Brethren in America, and he was the first minister. The society has increased in numbers but the old articles of faith are still subscribed to and the old customs preserved. It is a noticeable fact that in the community where many members of this simple faith live, there will be found a peaceful, law-abiding, industrious and prosperous people.

John L. Mock who was born 15 Aug 1807 and who was married to Christine Baker. They were also the parents of David B. Mock who married Susan Gochnour who in turn were the parents of John G. Mock born 15 Sep 1868.

The Sunday School Association

Prof. Barringer Attended the Meeting in Charlotte and Gives an Outline of It's Proceedings.

Correspondence of The Landmark

When I arrived at the meeting of the North Carolina Sunday School Association in the First Presbyterian church in Charlotte, last Wednesday night, quite a large and very attentive audience was listening to a most excellent address by Rev. Jas. Atkins, D. D., of Nashville, Tenn., on the subject, "The Bible in the Hands of the Living Teacher." I learned Guilford College, told how Mr. Henry Ripple, a native German, and Mr. Gottleib Schober, a Pennsylvania German, both laymen, united their efforts and built Hopewell church, four miles south of Salem, and in 1807 organized in it the first Sunday school known in North Carolina. He then handed President Lacy a gavel which had been made from the wood of that church and presented to the North Carolina Sunday School Association. Its first use was to signal the convention to a vote of thanks to the donor, Mr. P. W. Mock, of Salem.

I think this may be Peter Wesley Mock son of Adam Mock and first wife but he died 1/8/1899 and the convention was in 1900 ?? [I guess one of the children could have given it in their father's name]. Adam married 2nd Nancy Ripple who was the granddaughter of Henry Ripple the step-son of Johannes Mack/Mock of Reading, PA).

Maria Mock and John W. Walters

Chart # 28 George Mack > Michael > Jacob M. > Maria

Maria Mock, #1511 was born 2 Feb 1834 in Preble Co, IN and died 3 Jan 1888. Her middle initial is given as C. Her husband, **John Wesley Walters** was born in May 1831 and died 29 July 1903. Both are buried in Row 12 Cornell Cemetery, near Hebron, Porter County, Indiana.

John was living in Porter County in 1881 when he shared in his father's estate. He was also present in Porter county for the 1900 federal census.

Children of Maria Mock and George Wesley Walters:

1. **Eutakh Walters** b. abt 1859 later history unknown (1860 Elkhart census)
2. Perhaps? **Wilie Walters** 2 Jan 1859 - 13 March 1861. Bur. Cornell Cemetery, Elkhart County The 1860 census date matches, the grave is next to that of **Catura**, but the published inscription is "The inscription reads s/o W.J. and M.L." However, there is neither a J.L. nor an M.L. in the family and all other burials in the row are children or grandchildren of George and Mary Walters who are buried here. (Elkhart County Cem. Book).
3. **Catura J. Walters** 25 Jan 1860 - 26 Jan 1861 "d/o J.W. & M.C." (Elkhart County Cem. book)
4. **Frank M. Walters** born in October 1871 in Missouri (1900 federal census, Boone Twp, Porter County.).
5. **Maggie Walters** born in Indiana (June 1876 - 1937). Married **Clark Berdine** in Porter County, Indiana (25 November 1876 - 1935) Children **Lois Berdine** b. 1905; **Vernon C. Berdine** b. 1909 and **Blake Berdine** 11 June 1917. (1900 federal census, Bonnie Berdine, see entry on Ancestry.com).

I strongly suspect that there may have been more children. I have searched the 1870 and 1880 online census of Indiana and Missouri for Maria and John but can not find them.

The biography of one of John Wesley Walters nephews is available online (Edward J. Walters, son of Adam Clark Walters (2 Jan 1844 - about 1891) Ness County, Kansas. It says his uncle John Wesley Walters lived all of his life in Indiana.

I am on firmer ground with J. W. Walters parents. His father **George Walters** (9 November 1805 - 1 January 1881) born Pennsylvania, raised in Fairfield County, Ohio, moved to Elkhart County 1836. His mother was **Mary Margaret Fuller** (1806 - 1965). She was born in Canada of American parents. If you or anyone else is interested I can send them a five page biography of what I know of George Walters and his 11 children: either as a file or in print.

Daniel Mauck

Although notice has already been given in this paper of the death of Daniel Mauck, his long and useful life, his worth as a man and his prominence as a citizen require that a fuller history be given.

He was born June 4, 1815, at the old Mauck homestead near Cheshire, Gallia county. His parents, Joseph and Elizabeth Mauck, left their home in Page county, Virginia, in 1810, and made their new home at Cheshire in the spring of 1811. Daniel was their eighth child. Of the six sons, all are now dead; and of the eight daughters, only two are living. Mrs. Catharine Ashworth and Mrs. Lydia Agee.

August 29, 1839 he was married to Mary Rothgeb, and to them were born ten children, three sons and seven daughters. The mother and seven children are yet living.

August 29, 1889, Daniel and Mary Mauck celebrated their golden wedding, marking a golden point in the lives of two people who could look back upon fifty years spent together, that had brought to them honor and esteem of a wide circle of friends and the devotion of children and grand-children.

Up to the time of his death, he was a man of good health and active habits. On the evening of June 2d, he was well, and spent the evening in conversation with his family. Early on the morning of the 3d, he suddenly and quietly died of apoplexy, being 76 years of age less one day.

It would take far more space than is at our disposal to speak fully and fitly of the many admirable qualities he possessed, but a few words must be devoted to the more prominent features of his career and character.

He was a very active businessman, and his business record and reputation were of the highest character. He built a beautiful home a mile west of the village of Cheshire, and it was not only a home of comfort and plenty, but also of love and hospitality, of intelligence and refinement. His known judgment and integrity made his council and assistance highly prized, and in addition to the successful management of his own affairs, he was often called upon to assume important trusts for others.

The cause of Christian education was one for which he took great interest and for which he did a great work. From the beginning to the end of the history of Cheshire Academy he was one of its strongest supporters. He purchased a scholarship in Hillsdale College, Michigan, and sent six of his children to that institution, besides loaning his scholarship to other worthy young people.

From the foundation of Rio Grande College he was a member of the board of trustees and was not only regularly present at its annual meetings but was also one of its most thoughtful, progressive and valued members. At the time of his death he was preparing to attend the trustee meeting and the commencement as he had done regularly for fifteen years.

When his colleagues met one week after his death, it was with sad hearts that they noted his absence. It may be truly said that among the men who have spent their lives in Gallia county, few, if any, have exerted themselves more than he did to build up the intelligence and virtue of the people.

But that which gave the firm foundation and the finishing graces to his character was the religion of Jesus Christ. Daniel Mauck was a true Christian man. He was a member of the Freewill Baptist Church for over fifty years. He was con-

verted January 5, 1841, baptized ten days later, and joined soon afterwards the first Kyger church as one of the original members. In 1861, the Cheshire class was organized as an auxiliary of the Kyger church, and he was a member of this class. The class was organized as Cheshire church September 8, 1856 (1866?), and he was elected clerk, a position which he held until the day of his death. For many years the Cheshire church worshiped in the hall of the Academy, but some time ago, brother Mauck and others decided that a church building should be erected. Although beyond three score and ten years of age, he exerted himself actively toward this end, gave very largely, and when the beautiful structure that now belongs to the church was dedicated, November 10, he, as chairman of the building committee, publicly delivered its keys into the hands of the pastor. Through all his Christian life he not only supported the cause of religion most liberally but also made the more valuable contribution of a devoted, and consistent Christian life.

The funeral sermon was preached at the family residence on Friday, June 5, by Rev. J. M. Davis, of Rio Grande, Revs. W. J. Fulton, R. J. Poston and S. J. Weed were present and assisted in the services. An unusually large number of people were present. His body was buried in Gravel Hill cemetery.

Of his seven children, one daughter, Alice, resides at home with her mother. Mrs. Guthrie and Mrs. Besserer reside in Middleport, Mrs. Armel in Cincinnati, Mrs. Kail in Kansas. His son Isaac, lives upon a farm near Cheshire, the other living son, Daniel B., is a merchant at Proctorville.

Index for Volumes XIII & XIV

What a welcome offer!

Valerie Mock recently returned home from an extended stay in Europe and wrote to me asking if there was a project that she could take on for the Mock Family Historian.

We have not had an index since the completion of Ron Moore's 12 Year Cumulative Surname Index so when Valerie offered her services, I was thrilled that this project would be continued. This is yet another valuable tool for those researching Mock families. The issues as well as the index is sent not only to our MFH members, but also Genealogy libraries and societies.

For my purposes, I find that when I'm getting ready to do a new issue, I use the index to make sure I don't repeat myself. I'm told that does come with age!

Valerie and her sister, Sharon Whitaker, who also contributes generously to Mock research, are the daughters of Lloyd Mock of Clarkston, GA. Lloyd recently celebrated his 91st birthday!

2006 Mock Family Conference

Several members have expressed an interest in a Mock Family get together some time next year. Salt Lake City seems to be the popular choice at this time. I would like to hear from those who would be interested in attending. October will be a busy month for me, but would consider early September.
