Dear Sister, We rec'd your letter today. I declare I don't know what you ought to do about coming home. Before you have the opportunity, I was in hopes what you could do you would do well. Looks like if Mary would go with you it would be the best chance you would ever have. Miss Lis will let you have the money. Do what you think is best. Don't do what I am afraid is you will not have another such a good chance. Leo thinks her dress is very pretty. Do you come? Give my love to Mary. Well I will close now. Write soon. Lidie. I will register the letter as perhaps will not have.
