

“REGISTRY OF THE PARISHES OF MARAH AND KILLOWEN” RCBL # P 775-011, 012

This old register is the original and is quite fragile—it is from Murragh Parish and apparently at the time one rector served both Murragh and Killowen—need to check it against the copy register also at the RCBL

otp of: of the parish of

otp: of this parish (no “of”)

I (SH) think it likely that references to the parish of “Desert” refer to Desertserges, rather than the parish of Desert which is near the town of Clonakilty—can’t be sure however!
