

(Come up.)

Topeka July 23 - 1919.

Dear Bro, Sister, Irene & every body.  
We read your letter of June 13<sup>th</sup>  
had begun to wonder if you were  
still living, but mighty glad to  
hear from you and that all were  
well. Every one well here I guess.  
We were at Carl's Sunday. They  
had just begun thrashing the  
field south of the road by the  
rail road made nearly 30 bu  
to the acre. Had just started on  
the other piece north of the road  
that is the best yield we have  
heard of so far but not very  
much thrashing is done yet.
