Dear Mattie. I thought I would write a few lines to night again but I dont suppose you care to hear from me that often. I wrote home this morning and ask them to let you have some money. if they let you have it I would go to Missouri and see that ~~Dr.~~ Dr. I would go to his house and stay untill you are well. Tell him your circumstances and find out the least he will charge. I think he will do it for \$50. You will have to leave Statter with the folks. Get that notice

from Carl. and have it checked the same as you did your trunk and then you wont have to bother with it. But take your Guitar for it wont be much trouble. Oh yes, I traded wig for a pair of good buckskin gloves. (with Maurice Dannels) I have had the ~~that~~ headache all day and I cant find the genuine. but a man never can find any thing
