

Potter Okla

April 13th 1897.

Dearest Mattie, I received
your most welcome letter
and contents noted. must say
I felt good when I read it
to think you are coming home
I so soon and sound and well.
I got a letter from Emma
Gins, Georgia got some things
and the shoes were too narrow
so I sent them back. They can
exchange them and you can
bring them when you come.
I feel so good I dont know anything to
write. you never said how much
money you wanted. I havnt got
much. Suidauer traded his
mules for an old blind

more and give some boot,
how would that kind trading
suit you?

Well how do you like city life?
I begin to think life in the
country was too slow for
you. And you was not com-
ing back, you have heard
that song I suppose?

There was a party at Frank
Willers last night, I had a
special invitation but I
did not accept. Russell got it up
one of ~~the~~ Harry Harpers horses
fell in the spring and went
dead. he was trying to farm
^{some of} Marthas place. I dont know any
news so I will have to close
for this time. Love to all

As ever Yours

P.S
Bascome, there is a terrible big ring round
the moon tonight.
