Dear Sister

I have looked
for a letter for so long
but none came so I
wrote to Betty to see if
she had heard, & she
said, 2 weeks ago, I
have so many letters
to write & have been
real busy. & gone one
week to Kans. The folks
have been begging me
to come to see them for
more than a year. So
Irene & I went on The Rocket
& was gone a week & etc.
had a lovely visit they
seemed so glad to see

us + just serley did
show us a good time.

We went to see our old
home our was in fine
shape + looked so pretty
but Dad's home was all
torn up. + was so dirty
looking. We went on up
to Osklasove + it is just
like it was where we were
Kid ^{our home is not changed} only they have a
pump in the well + have
built a new kitchen +
porch. The old one is west of
the house as a milk house
+ the road runs east of the
house. + one north of the house
goes past the cemetery.

I would not trade places
with any of them. or any
