Dear Lida

I got home all

O.K. found all well but
Delma I took her to the
Dr today. he said he
thought she would be
better in a few days.

How is Edwood by this
time?

The girls were tickled
over the flowers. they
are still so nice.
got my flowers all out
They had not dug my

Potatoes yet, so I dug
some today Dad & Delma
went to the fair. Delma was
not able but of course
she wanted to go.

Well this is Sunday &
this letter did not get
finished so will try it
again. We did not go
to church Delma feels
so bad & looks so bad
thought we had better
not I feel so worried
about her. We had a light
frost last night Nov 1st
the first - one of the season

they did not have as
much rain here as you
did there. it only drizzled
here Sunday. but rained
the rest of the time till
Thursday. Oh yes about
that woman they says
you dont want her she
would not suit you.
she wont stay anywhere
long. Still said it would
not hurt that little calf
to put it in there a little
while. at first put in
the afternoon first. then
it has already something
in its stomach
Well I must close as
