

Medical Evidence.

(THIS BLANK IS INTENDED FOR A SURGEON, ASSISTANT SURGEON OR HOSPITAL STEWARD.)

TAKE NOTICE.—The affidavit should, if possible, be in the hand-writing of the affiant; the marginal instructions must be carefully observed before writing out the statement, or it will not be considered by the Pension office as satisfactory. Therefore, read said instructions very carefully before undertaking to prepare this Affidavit, and then embody in your statement all the facts therein indicated. Let the diagnosis be so full and complete that a medical man could, from the description, at once and unmistakably recognize the diseases, wounds or injuries, even though they be not technically named. All the facts in possession of affiant as to the origin and continuance of the disability should be fully set forth, and the dates of treatment should be specifically given. If the affidavit is prepared from memoranda in possession of the physician, that fact should be stated.
